

Trio Maxx™

Electro-Chemical Activation
Technology for making Cleaning,
Sanitizing & Disinfecting Solutions

General Specifications

Construction	Table top unit made of plastic/polycarbonate
Power	110V/240V
Technology	Blended-stream electro-chemical activation technology
Volume	64 oz / 1.9 liters in less than 5 minutes
Uses	Creates glass cleaner, general purpose cleaner, heavy duty cleaner, degreaser, and sanitizer
Sanitation Range	5.5 - 7.5 pH
Cleaning/Degreasing Range	9 pH – 11.9 pH
Production (FAC*)	50 ppm to 198 ppm
EPA Establishment Number	088681-KOR-001
Warranty	One year parts and labor

*Free Available Chlorine
