

Immerse-A-Clean

Portable, Handheld Electro-Chemical Activation/Electrolyzing Technology for making Cleaning, Degreasing, Carpet Cleaner, Floor Prep, Sanitizing & Disinfecting Solutions On Demand

General Specifications

Item Number	IMC01 (Battery Operated), IMC02 (Cord)
Construction	Handheld Portable Unit Made of High Density Plastic/Polycarbonate
Power	110V/240V and Lithium Ion Battery / 1.5 Hour Continuous Run-Time
Technology	Blended-Stream Electro-Chemical Activation Technology
Volume	Up to 25 gallons / 95 liters of Cleaners
Uses	Creates Glass Cleaner, General Purpose Cleaner, All Purpose Heavy Duty Cleaner, Degreaser, Carpet Cleaner, Floor Prep, Sanitizer, Disinfectant and Ionization
Sanitizer/Disinfectant pH Range	5.5 - 7.5 pH
Cleaner pH Range	9 pH – 11.9 pH
Production (FAC*)	50 ppm to 1,100+ ppm
EPA Establishment Number	088681-KOR-001
Warranty	1 Year Parts and Labor / 6 Months on Wand

*Free Available Chlorine

This system is considered to be a device per 40 CFR 152.500 and thereby exempt from FIFRA registration by the U.S. EPA
