

InstaFlow

Compact, High-Volume Electro-Chemical Activation Technology for making Cleaning, Degreasing, & Sanitizing Solutions On Demand

General Specifications

Item Number	INT01
Construction	Steel Case, Powder Coated
Power	110V/240V, 8 Amps
Technology	Blended-Stream Electro-Chemical Activation Technology
Volume*	From 1 – 2.5 gallons / 3 – 9 liters per minute
Uses	Creates Glass Cleaner, General Purpose Cleaner, All Purpose Heavy Duty Cleaner, Degreaser & Sanitizer
Sanitizer pH Range	5.5 - 7.5 pH
Cleaner pH Range	9 pH – 11.9 pH
Production (FAC**)	50 ppm to 198 ppm
EPA Establishment Number	088681-KOR-001
Warranty	1 Year Parts and Labor

*Can be custom configured for higher flow rates

**Free Available Chlorine for Food Contact Areas

This system is considered to be a device per 40 CFR 152.500 and thereby exempt from FIFRA registration by the U.S. EPA
